

FERNDOWN SOUTH & WEST PARLEY NEIGHBOURHOOD WATCH

LIST OF LOCAL TRADERS

March 2015

Listed are local traders whose names have been provided by our members as being bona fide and reliable. The list is provided for your assistance and Neighbourhood Watch cannot be held responsible for any work carried out by these traders that may fall below the standard that YOU expect.

In all cases where you are intending to have work carried out which you think may cost £100 or more, you should contact at least three companies or individuals with full details of the work you require to be carried out and obtain written specifications and quotations for the project.

You should also satisfy yourself that any trader you use has the appropriate qualifications for electrical, gas, or any other work that requires specific qualifications. **You are advised against entering into contracts with itinerant traders calling on you and offering to do work cheaply.**

There are many other good traders in the Ferndown area who are not listed below and who may have given you good service in the past, in which case you would be advised to carry on using them.

Please advise the Editor of any suggested additions to or deletions from this list. We obtain the trader's permission to appear in this list.
