

FERNDOWN AND WEST PARLEY NEIGHBOURHOOD WATCH 2024

List of local traders

This Trader's list has been created with the recommendations from the Ferndown and West Parley Neighbourhood Watch community. This does not mean that other good tradesmen in the area, which are not mentioned, do not give a good service.

This list is provided for your assistance only and Neighbourhood Watch cannot be held responsible for any work conducted by these professions should they fall below the standards expected. In all cases where you are intending to have work carried out, you should contact at least three companies or individuals and obtain a written quotation or specification for the project.

We advise you against entering into contracts with random tradesmen that call at your door or telephone you even though they may be less expensive.

A number of these Traders offer discounts to Members. It's worth asking for one even if it is not listed.

Selecting a Trader

The following checklist may help you select a Trader. Trading Standards on 0808 223 1133 can offer further advice.

- Obtain 3 quotes for all large projects. Estimates are not binding but quotes are.
- Ensure all work is outlined in full and it is clear whether the quote includes VAT
- Confirm the specific materials to be used for the job. Does the quote include removal of rubbish
- Are they insured? Do they have public liability insurance?
- Are there any guarantees should anything go wrong after the work is completed?
- Do not pay for services before they have been completed. In some cases you may agree to pay a small deposit or to pay for the job in parts after satisfactory completion at various stages.
- Does the work require a permit from the Council or authorisation, for example placing skips on the highway?
- Does the work require building regulations or planning consent?
- If gas or electrical work is the required are the Traders qualified, eg. anyone who alters a gas appliance must be registered with Gas Safe?
- If you are dissatisfied this any work always try to resolve this promptly with the Trader concerned.
